**INVESTMENT STRATEGY**

Short-term and medium-term purpose loans provided to projects implemented within the Arca Capital investment group. All the projects must generate sustainable cash-flow that is to be paid to individual sub-funds on a quarterly basis.

**INVESTMENT GOAL**

The investment objective of both sub-funds is to generate stable, sustainable quarterly income based on the financing or co-financing of projects carried by the Arca Capital group that are aimed at private equity or mortgage/consumer loans defaults. Participation in bridge financing of real estate projects is also possible. The sub-funds pay a regular quarterly advance on dividends. All investors holding investment shares are entitled to this advance on the due date. The decisive day is the last day of each quarter of the year.

**MANAGEMENT COMMENTARY:**
